Job Title: Software Quality Assurance (SQA) Intern

Company: SpaGreen Creative

Salary: 5,000 - 10,000 BDT/month

Experience: No prior experience required (Fresher's welcome)

Location: Mirpur DOHS, Dhaka, Bangladesh

About Us:

SpaGreen Creative is a leading software company in Bangladesh, specializing in innovative web, Android, and iOS applications. As an elite author on Envato, we have served over 7,000 clients worldwide. We are looking for an enthusiastic and detail-oriented Software Quality Assurance Intern to join our dynamic team and help ensure the highest quality standards in our software products.

Key Responsibilities:

✔ Assist in developing and executing test cases for web and mobile applications.

✔ Conduct manual and automated testing to identify bugs, issues, and performance problems.

✔ Collaborate with developers to troubleshoot and resolve software defects.

✔ Participate in the preparation of test documentation and reports.

✔ Ensure all software releases meet quality standards before deployment.

✔ Learn and apply industry best practices for quality assurance processes.

✔ Work closely with senior SQA engineers to understand testing methodologies.

✔ Contribute to process improvements in the testing workflow.

Qualifications:

Education: Bachelor's in Computer Science, Software Engineering, or a related field.

Skills:

✔ Basic understanding of software testing principles.

✔ Familiarity with software development processes.

✔ Knowledge of web technologies (HTML, CSS, JavaScript) is a plus.

✔ Attention to detail and problem-solving skills.

✔ Strong communication skills.

✔ Bonus: Familiarity with testing tools (e.g., Selenium, JIRA, TestRail) and automation concepts.

What We Offer:

✔ Competitive stipend: 5,000 - 10,000 BDT/month.

✔ Hands-on experience with real-world software testing.

✔ Weekends off: Fridays and two Saturdays per month

✔ Subsidized lunch, coffee, tea, and snacks

✔ Professional development opportunities

✔ Collaborative work environment and performance-based bonuses
